## PRESS RELEASE

### VILLA OF COMPOSERS CONCERT, 18 March 2015 at 5pm

Villa Tesoriera TURIN (C.so Francia 186)

In close collaboration with the Andrea Della Corte music library in Turin, **the Villa of Composers** will open its 2015 concert season by paying homage to composer **Sylvano Bussotti**. Starting at 4.30pm on 18 March, several of Bussotti's outstanding musical scores, visual works of art in their own right, will be on exhibit. The concert given by the **MDI Ensemble** will begin at 5pm.

The programme features two masterpieces, *Trio Milano* (without piano accompaniment) for violin, viola and cello, and *Nudo Disteso* for viola, followed by works from Villa of Composers member composers: **Giacomo Platini's** *I x I (one times one)* for violin and cello, **Fabrizio De Rossi Re's** *Sonno Romano* for violin, viola and cello, and **Nicolas Bacri's** *il Divertimento op. 37* for violin, viola and cello.

The theme for this event - "Create and Transmit" - reflects the ambition of **the Villa of Composers** in its mission to compile works by living composers from all around the world and promote and encourage awareness of them on an international scale.

This concert was made possible thanks to *Coup d'Idée Edizioni d'Arte* - Enrica P. Dorna.
